FEBRUARY 2011

Pre-Season Tree & Shrub Sale

The annual Pre-Season Tree & Shrub sale is in full swing. Many of you have already taken advantage of the great deals available this year. For those of you new to our annual Pre-Season Sale, here's a little background. Due to the economy and lack of new construction the past few years, many landscapers and tree growers are having difficult times. We know of several large nation-wide growers who have filed bankruptcy and many have gone out of business. This has created a "buyers market."

Place your order now with a 50% deposit. This is the only way we can guarantee the trees you want. Your trees will be ready for you to pick up during the first two weeks of April. If you don't have a way to haul your purchase we can discuss delivery options.

Check out some of our prices and offerings:

- [Conifer Trees](#)
- [Deciduous Trees](#)

Last fall we purchased about 5,000 trees and shrubs for this year's Pre-Season sale. Most of the prices you'll see our normal wholesale cost that we had to pay before the current recession hit. These are not the only items available on the Pre-Season sale. There are just too many to list. If you have other specific needs, just give us a call.

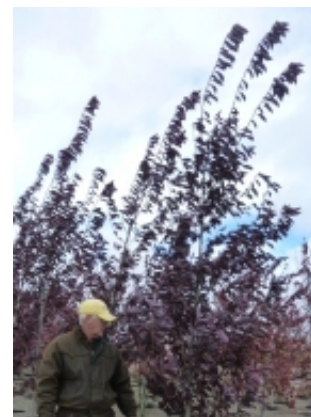

It looks as if things will go as fast as last year's sale with most of everything selling out before we open for our regular season in April. So don't wait, **order today by calling Richard at 406-933-8789** or [email him](#).

Two Ways You Can Get FREE Trees

First, refer a friend that makes a purchase no later than March 31st and receive a free tree.

Second, everyone making a purchase during our 2011 Pre-Season Sale by March 31 will have their name put into a drawing. The winner will receive their choice of a 15 gallon *Prunus virginiana*, Canada Red, or *Populus tremuloides*, Quaking Aspen, a \$150 value.

We are in the process of adding a picture file of all of our trees on our web site. This will be an ongoing process. If you don't see a

specific tree or shrub picture, let us know and we'll email one to you.
